**EXAMINER'S AMENDMENT**

***Election/Restrictions***

1. Claims 14-15, 17-22 are allowable. The election of species requirement with respect to category (b), as set forth in the Office action mailed on 10/7/2009, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claim 19, directed to species (b)(ii) is no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim. However, claim 16, directed to species (a)(ii) remains withdrawn from consideration due to Applicant's claim amendments filed 6/10/2010.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

2. This application is in condition for allowance except for the presence of claim 16 directed to a species non-elected without traverse. Accordingly, claim 16 has been cancelled.

***Examiner's Amendment***

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

4. The application has been amended as follows:

Claim 16 has been cancelled.

***Examiner's Amendment***

5. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose or suggest the recited modified polyolefin copolymer comprising a propylene-based segment grafted with lactic acid groups or segments (i.e., bonded to a pre-existing polymeric chain as defined in paragraph [0030] of the specification, as distinguished from block copolymers containing lactic acid segments within the main polymer chain itself). OTA ET AL '949 and WO 01/53369 fail to disclose propylene-based copolymers grafted with lactic acid segments; WO 02/068485 fails to disclose grafted propylene-lactic acid copolymers with the recited structure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Vivian Chen whose telephone number is (571) 272-1506. The examiner can normally be reached on Monday through Thursday from 8:30 AM to 6 PM. The examiner can also be reached on alternate Fridays.
